*This vehicle eBrochure is designed to identify vehicles commonly available in your area. If you would prefer to purchase a vehicle with no options or additional options, please contact your local dealer to check for current availability or the possibility of placing an order for such a vehicle.

**Manufacturers Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$750 for Cars, \$800 for Small/Medium Trucks (Sienna, RAV4, Highlander Gas, Highlander HV, FJ Cruiser, 4Runner, Tacoma, and Land Cruiser), and \$950 for Large Trucks (Tundra and Sequoia). Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyotas charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyotas overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee. Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX will be higher. Actual dealer price will vary.

*** 2010 EPA-estimated mileage. Actual mileage will vary.

** Installation not included. See your local Toyota dealer for installed pricing. Prices and product availability are subject to change without notice.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components for hybrid vehicles are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable Owner's Warranty Information booklet for details.

Accessories: For accessories purchased at time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months or 36,000 miles (whichever comes first) from the vehicle's in-service date, which is the same coverage as the Basic coverage of the Toyota New Vehicle Limited Warranty.

For dealer-installed accessories purchased after the new vehicle purchase, the coverage is 12 months or 12,000 miles (whichever comes first) from the date the accessory was installed on the vehicle, or the remainder of the above 36 months or 36,000 miles Basic coverage from the vehicle's in-service date, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

For customers (non-dealer) installed accessories purchased after the new vehicle purchase, the coverage is 1 month or 12,000 miles (whichever comes first), from the purchase date of the accessory.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

DISCLAIMERS

All information in this eBrochure is based on data available at time of posting, is subject to change without notice and pertains specifically to continental U.S.A. vehicles only.

[1] Includes heated front seats with variable heat setting.

[2] HomeLink® is a registered trademark of Johnson Controls, Inc.

[3] Requires moonroof.

[4] The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.

[5] The navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. See your Navigation System Owner's Manual for further details.

[6] Satellite radio requires XM- or Sirius-compatible receiver and monthly service fee. See your Toyota dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States.

[7] The phones on this site have been tested for Bluetooth® compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage, and your wireless carrier. Phones are warranted by their manufacturer, not

Toyota.

[8] Dynamic Laser Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your Owner's Manual for important instructions and cautions.

[9] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[10] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[11] All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.

[12] The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.

[13] Active headrests can help prevent or limit the extent of whiplash in certain types of rear-end collisions.

[14] The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a smart key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or Smart Key Fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or Smart Key Fob, it can be costly to replace. If you lose a key or Smart Key Fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.

[15] 2010 EPA-estimated mileage. Actual mileage will vary.

[16] Installed MSRP is the Manufacturer's Suggested Retail Price for accessories installed by the manufacturer. Actual prices for dealer installed accessories may vary. Please see your local Toyota dealer for pricing. Prices and product availability are subject to change without notice.

[17] Installation not included. See your local Toyota dealer for installed pricing. Prices and product availability are subject to change without notice.
